

Epson PowerLite® 9300i

Beyond brilliant-beyond business

For precision that makes even the finest detail crystal clear, the Epson PowerLite 9300i takes projection far beyond everyday PowerPoint® presentations. Remarkable SXGA+ resolution and an amazing 1100:1 contrast ratio provide the essential technology needed to make the most intricate details pop off the screen. Ideal for medical, military, CAD or control center applications, this quiet, 2500 ANSI lumen projector also includes versatile features such as power zoom, focus, and lens shift for easy installation. And, multi-screen setup is easier than ever with special adjustments for fine control of brightness and color levels, as well as pre-set patterns. A power-on security function lends added convenience, while an amazing 7000-hour lamp life offers remarkable value.

Astounding image quality for the most intricate details

- SXGA+ (1400 x 1050) resolution for crystal clear results
- 1100:1 contrast ratio for exceptional clarity and detail
- Three 1.4" Epson high-aperture LCDs for evenly distributed color across the screen
- 2500 ANSI lumens for brightness in any setting

Easy installation, setup and operation

- Power zoom, focus, and lens shift–key image adjustments controlled via the remote control
- Six video inputs and six audio outputs simplify installation and eliminate the added cost of switchers
- Great connectivity including two computer inputs, plus component video (5BNC), S-video, DVI, and composite video compatibility
- 7000-hour lamp life for improved cost of ownership
- Multiple lens options for installation flexibility
- Enhanced security function to guard against unauthorized users and disable the projector through a convenient password-protection feature
- Image correction tools including:
 - Keystone correction (±40° vertical, ±20° horizontal)
 - QuickCorner[™] to display a perfectly square image from almost anywhere in the room
- SnapWindows™ to simultaneously preview up to seven input connections–provides a simple way for staging managers to check connected sources
- Direct power-on capability (allows users to just flip on the wall switch and the projector will automatically power on)
- Easy multi-screen calibration (adjustments for brightness and color levels, plus convenient pre-set patterns)
- Whisper-quiet operation (33 db) for undisturbed presentations
- Improved air filter to protect projector in smoky or dusty environments

Convenient networking capability with EasyManagement™ technology

- Offers status information on Epson projectors via:
 - E-mail notification, via SMTP, to notify users of issues related to the temperature, fan, and lamp
 - SNMP (Simple Network Management Protocol) with HP OpenView plug-in
 - EMP Monitor software utility (included)
- Allows easy monitoring of source status, power status, lamp status, and resolution input status
- Enables secure access via password-protection feature
- Provides real-time status information and projector error detection

State-of-the art video performance

- Extensive video compatibility; HDTV-ready
- Progressive processing circuitry for better video image quality

Renowned Epson service and support (free for the duration of the warranty)

- Comprehensive two-year warranty, including Epson Road Service and Epson PrivateLine[™]
- 90-day bulb warranty for added dependability
- International warranty in over 45 countries
