SuperColor™: Amazing Color Accuracy

Product **Description**

With out-of-the-box interactivity* and an ultra-short throw lens, the ViewSonic® PS750W WXGA projector delivers a complete interactive solution perfect for any classroom. Featuring an embedded camera, along with an included laser curtain module and wall mount kit, the PS750W offers a low-cost, big picture alternative to interactive whiteboards and displays. An ultra-short throw lens enables the projector to be placed just inches away from a wall or screen, making it flexible enough to be ceiling-mounted or simply placed on the tabletop. ViewSonic's easy-to-use vBoard® software lets users write, highlight, edit, and transform documents and images on-screen in real-time. PortAll®, a neatly designed and enclosed HDMI/MHL dongle compartment, features an integrated micro USB cable for easy charging – allowing teachers to present interesting lesson content via wireless dongles and PC sticks. For a complete, all-in-one interactive projection solution, the PS750W delivers everything you need for immersive and engaged learning in the classroom.
*Interactive projector compatible with Windows operating systems: 7, 8, and 10.

1. Projection Lens	5. USB mini B (power only, inside PortAll chamber)	8. External Speaker	13. Mini USB Type B (for touch)	17. VGA In (x2)	22. Projection Mirror
